- **Teamwork:** Proven ability to work in cross-functional teams to deliver projects on time
- **Adaptability:** Quick to learn and implement new tools and technologies
- **Time Management:** Skilled at prioritizing tasks and meeting tight deadlines
- **Attention to Detail:** Ensures high-quality, error-free deliverables

EXPERIENCE

Front-End Developer(Freelancer), 01/2024 - Current
UpWork - Poland

- Delivered front-end solutions for various commercial projects, focusing on e-commerce and custom websites.
- Collaborated directly with clients via calls and correspondence to define requirements and provide updates.
- Developed and customized projects on CMS platforms (Shopify, Shopware 6, Magento 2, PrestaShop, WordPress), ensuring pixel-perfect HTML/CSS implementation.
- Created dynamic user interfaces with HTML5, CSS3, and JavaScript, incorporating interactive elements and animations.
- Tested and optimized code for cross-browser compatibility and responsiveness across devices.
- Enhanced project functionality by integrating modules, refining layouts (Twig, LESS, SCSS), and managing version control with Git.
- Utilized Docker for local deployment and streamlined development workflows.

Front End Developer, 09/2020 - 01/2024
BelVG - Minsk, Minsk, Poland

- Worked on diverse commercial projects, building responsive websites for clients using Magento 2, Shopify, and Shopware 6.
- Communicated with customers and conducted daily team calls to align on project goals and timelines.
- Implemented pixel-perfect layouts with HTML5, CSS3 (LESS/SCSS), and JavaScript, enhancing user experience with animations and interactivity.
- Developed Magento 2 projects, customizing layouts, email templates, and JavaScript functionality.
- Refined Shopware 6 projects by editing Twig templates, SCSS styles, and JSON-based theme configurations.
- Ensured code quality through rigorous testing for cross-browser compatibility and device responsiveness.
- Managed version control with Git and deployed projects locally using Docker.

Front End Developer, 07/2019 - 08/2020
Aurius Studio - Minsk, Minsk, Poland

- Designed and developed custom website layouts for a proprietary CMS, adhering to unique design specifications.
- Executed pixel-perfect HTML/CSS coding and integrated interactive features using JavaScript.
- Conducted cross-browser and cross-device testing to identify and resolve display issues, ensuring consistent performance.
- Collaborated with the team to deliver commercial projects on schedule while maintaining high standards of quality.

Web Programmer, 01/2019 - 06/2019
7top.by - Minsk, Minsk, Poland

- Built websites with unique designs using CMS platforms like WordPress, ModX, and OpenCart.
- Translated design mockups into pixel-perfect, responsive HTML/CSS codebases.
- Enhanced user interfaces with JavaScript-driven interactive elements and animations.
- Performed testing across browsers and devices to ensure compatibility and resolve rendering issues.

CERTIFICATIONS

- Adobe Certified Professional - Adobe Commerce Front-End Developer
- Web application development with Javascript
- Web development using React & Angular

EDUCATION

Bachelor of Science: Information Technology, 07/2017
BSUIR - Minsk
